~~that your Regard for our national Harmony and good Government will induce you to promote a Measure, which we are unanimous in thinking very conducive to those interesting Objects~~

Our Amendments will manifest, that none of them originated in local Views, as they are such, as if acceded to, must equally affect every State in the Union — Our Attachment to our Sister States, and the Confidence we repose in them, cannot be more forcibly demonstrated, than by acceding to a Government, which many of us think very imperfect, and devolving the power of determining, whether that Government shall be rendered perpetual in it's present Form, or altered agreeable to our Wishes, on a Minority of the States, with whom we unite.

We request the favor of your Excellency to lay this Letter, before the Legislature of your State (or Commonwealth), and we are persuaded, that your Regard for our national Harmony and good Government, will induce you to promote a Measure, which we are unanimous in thinking, very conducive to those interesting Objects.
